The CANDLER PARK MESSENGER

Vol. 5, No. 3

MONTHLY REPORT OF THE CANDLER PARK NEIGHBORHOOD ORGANIZATION

From the President

Neighbors have been meeting since last summer to plan for the re-use of the Presidential Parkway land. The main focus of discussion has been to define what portion of the land will be used for housing and what portion will be used for parkland; these choices stem from your responses to the questionnaires filled out in December, 1991.

At this point, our preliminary plans are almost complete. They should be ready for presentation to the entire neighborhood in one or two months. At that time they will be made available through the *Messenger* and at the regular monthly meeting and everyone will have a chance to comment on them.

We should all be proud of the process we've been following. Every meeting has been open to whoever wants to attend and every voice has been heard. Taking the land section by section, we have reached a consensus on each portion.

Planning will not stop at this stage, however. We have still to plan for the method of disbursal of the property, although this planning will follow Department of Transportation guidelines, for the most part, of necessity since they own the land. We will also be able to plan what goes into the park portion, working along with the City, which will be hiring a consultant to assist in that phase.

The next regular meeting of the Parkway Planning group is Thursday, March 18, 7:30 p.m., at the Epworth United Methodist Church. Please come to learn more about the plans.

This month we are planning another delicious potluck dinner before our regular monthly CPNO meeting. Please come and bring your favorite dish. If you haven't been to a meeting before, or if you're new to the neighborhood, this is an excellent way to meet your neighbors in a casual setting. As usual, child

CANDLER PARK MESSENGER

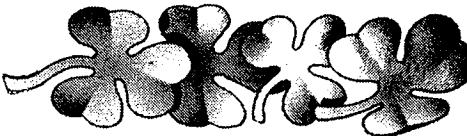

F.Y.I....

-Our thanks go to Karin and Eric Dusenbury for providing refreshments for our February CPNO meeting!

-Those of you who were in attendance at the January CPNO meeting will recall Craig Taylor's presentation on the Candler Park Cooperative project. Those members who were present that evening voted unanimous support of the project.

That project is now about to become a reality. Candler Park Neighborhood Organization will be represented on the board of the Co-op by three members. This will entail a monthly time commitment of approximately two hours each month. Interested people should show a commitment to the neighborhood; some background in property management would be helpful, as would some familiarity with cooperative systems.

If you think you would like to become involved with this project, please respond, in writing, to P.O. Box 5418, Atlanta, GA 30307, or call Maya Hahn at 522-0011. We have a real opportunity to try something new in our neighborhood which will fill a need for housing that is affordable by some who would not otherwise be able to purchase property in Candler Park. Working together, we can make it succeed.

Get with the Program...

With the City of Atlanta closing or planning to close land fills, our Candler Park recycling program becomes even more important. Here's how the recycling program works:

Weekly pickups are on Tuesdays. Pickups include: newspapers, glass, milk jugs, plastic containers, tin and aluminum cans. Pickups do not include: paper other than newspapers. No sorting is required.

Cost is \$3.50 per month, and a \$4.00 bin deposit is required for an 18 gallon bin for all recyclables. Pay for three months in advance (\$10.50 plus bin deposit).

If you have any questions about recycling or any problems with your recyclables being picked up, contact Waste Management directly at 361-2530 or Bob Stanton at 584-7878.

Garden Club Notes...

Making up for lost time, the CPNO Garden Club met twice in February to discuss what measures should be taken to improve the maintenance and appearance of Candler Park itself, as well as the procedure for "adopting" the park.

Results of these initial meetings, as well as a schedule for regular park cleanups, will be discussed at the March CPNO meeting. Our next meeting is scheduled for March 10 -- please

join us as we discuss ways to make our neighborhood even more attractive and liveable!

For more information on the place and time of the next Garden Club meeting, please join us at the March CPNO meeting, or call Gary George at 688-6364.

Spring is just around the corner, and you know what that means...time to start planning for the 4th annual CPNO Yard and Bake Sale, Saturday, April 10th!

The yard sale is one of our largest fundraisers all year -- plan now to start stockpiling those unwanted household items as contributions.

We're also looking for volunteers to accept and price donations, as well as to work the sale itself. Sign up to help at the March CPNO meeting, and watch the *Messenger* for more information on dates and times for dropping off donations.

Defensive Driving...

If you are at an intersection and someone tries to get into your car, blow your horn, and once you've made sure the intersection is clear, go through the light.

If you feel you are being followed, don't go directly home. Drive to the nearest police or fire station, hospital emergency entrance, all night convenience store or other open business. Also, if followed, sound your horn in short spurts to attract attention.

Do not let someone force you to stop your car. Someone might point at your tire, to make you think it's going flat so you'll stop. Someone might also bump your vehicle from behind with their car to get you to stop. Remember -- you are more important than your car! If you feel hesitant about stopping, especially in an isolated area, don't. Wait till you get to a well-lighted area with people around before stopping to check.

**"The Service is Great
the People Friendly!"**
