September 1993

Vol. 5, No. 9

MONTHLY REPORT OF THE CANDLER PARK NEIGHBORHOOD ORGANIZATION

## From the President...

I hope you all enjoyed the Summer and managed to find a way to stay cool. Now that September is here, it's time for us to get back to the serious business of maintaining our neighborhoods.

Since early 1992, many of us have been working diligently to develop a proposed set of zoning regulations to correspond to the plan that Candler Park has been developing for reuse of the Presidential Parkway lands. The purpose of this Special Public Interest Zoning is to ensure that anything that is built in that tract preserves the character of the surrounding neighborhood.

Without any zoning regulations for this property (and, since we are still a ways from obtaining any protection from the City as a Historic Neighborhood insofar as zoning goes) it would be possible for someone to build an ultramodern cedar and glass house on Terrace or Page Avenue next to a row of 1930's brick bungalows.

The SPI zoning regulations will only apply to new construction in the surplus Presidential Parkway land, not to infill housing in other parts of Candler Park. It corresponds exactly to the plans for the land that have been published in the *Messenger* earlier this spring and that were voted on in our June meeting. The City of Atlanta Bureau of Planning and the Urban Design Commission have been of great assistance to us in our efforts to develop these regulations.

Copies of the proposal will be available at our September meeting and the proposed regulations will be presented at that meeting. This is just the first step to presenting these for a vote by the neighborhood and then the City Council to make them part of Atlanta's zoning ordinance. Our goal is to have the legislation enacted by the end of the year.

So, please plan to be with us September 14 so

*Journal and Constitution* in your Thursday paper. Thanks to the overwhelming response of the neighborhood, the newspaper promptly agreed to make the switch from the *DeKalb Extra*.

I am told that the citywide recycling program will begin in mid-September. Like everyone else, I'll believe it when I see it.

See you in September.

## What's a CPNO?

What is this CPNO anyway?

Well, if you live in Candler Park, CPNO (Candler Park Neighborhood Organization) is the only organization recognized by the City of Atlanta to represent your rights and interests as a resident of Candler Park. Our goal, if we had to define it, would probably be: *"To keep Candler Park a real neighborhood"*

What can CPNO do for you? Well, it can:

1. Give you information on issues of concern to you as a Candler Park resident.

2. Give you a forum

for input into the decision-making process.

3. Give you an opportunity to meet with local government personnel and elected officials.

4. Give you a great way to meet your neighbors and get to know your community.

The one component that makes this happen is **YOU**. CPNO needs **YOU** to:

1. Educate yourself on the issues. (Read the *Messenger*, *BOND Community Star*, the local papers and talk to your neighbors.)

2. Attend CPNO monthly meetings. Meetings are very informative and usually last no more than two hours.

3. Volunteer. Let me repeat that: Volunteer. CPNO needs your help! Whether you're a whiz at organizing, typing, baking cookies; whether you have time to deliver the *Messenger* on your

block, attend committee meetings or make calls from your home, CPNO works best when **YOU** are a part of it!

Think it over. Candler Park is your home. Your giving a couple of hours a month to make it a better place to live can make a big difference. To find out more, attend our next monthly meeting. We'd love to see you there!
